

We also had another esteemed resource person - **Dr. Mrunalini Fadnavis** who also happens to be the Governing Council Member of YRA. Dr. Fadnavis took on the role of facilitating a very interactive session on the value of "Responsibility".

Her session energised everybody right from the word go and each participant wholeheartedly participated in the activities throughout the session. Dr. Fadnavis stressed on various aspects of Responsibility in order to Achieve our Organizational goal, understanding ownership of our actions, Commitment, Accountability and Punctuality.

She also stressed on quantifying our achievement and setting short term goals to incrementally achieve our collective goal of building an inclusive society where "No one is Left Behind". We sincerely thank Dr. Fadnavis Madam for her guidance and mentorship.
